Subject Herculaneum Issues Book for Aug. 9 Mtg.

Herculaneum Colleagues, Attached is a "State of the Issues" in Herculaneum which the appointed Core Team put together in advance of our meeting next Tuesday. Thanks to all of you who helped with this project. We tried to identify key issues that need resolution across all media. I hope you will have time to read in advance. The purpose of the meeting is to develop a set of strategies for resolution of these issues, many of which are inter-related, so that we can begin to support community decision-making with regard to reuse and revitalization of affected properties.

From invitation responses, my records show that the following persons will attend:

Gene Gunn
Bruce Morrison - driver
Don Toensing - driver?
Jo-Ann Heiman
